## *Greetings*

Brethren, since the first of the year we have in meetings in a number of our supporting churches, reporting and renewing friendships. So far this year we have reported in churches in TX, MO, NY, PA, MD, OH, IN, and IL.

We have meetings in several other churches yet in April then will be home for a couple of weeks before traveling to CO and WY for most of May and early June. Please pray for our travels and for us to be a blessing in the churches.

In each church we have been reminded by the Lord of the reason we are able to continue on in the work He has given us. It certainly is not because of the arm of the flesh! In visiting with the pastors and brethren in these churches we are reminded once again of many who have expressed their burden and faithfulness to pray for us.

Of course we are already witness to the fact that someone is praying. We now have the privilege to meet many of those prayer warriors who do intercede for us. Of course we can also give testimony to their faithfulness in supporting us financially. God has been so good to us and we once again are reminded of those who He uses to see this missionary family remain on the job.

## *Translation and Publishing...*

Work continues with publishing. We are currently working with translators in a number of important languages. I would like to mention some of them: Farsi (Iran), Pashtu (Afghanistan), and Urdu (Pakistan). Of course that is not all which is being done, but they seem to be the most strategic and also the most troublesome.

Ongoing translation work in the languages of Burma as well as shipping of Bibles, New Testaments, Gospels, and tracts continues. How we thank the Lord for our faithful coworkers and friends who make this possible.

## *Printing...*

There are also some exciting developments with the upcoming printing of the Urdu New Testament. We are not sure how all of it will work out, but please continue to pray. What a need both in Pakistan and around the globe with Pakistani nationals who live outside their country.

## *New Possibilities...*

I really want to share with you a huge initiative we are working on which involves even more languages and possibilities for impact with those who have never heard, but we are not yet ready to make the announcement. At this point the planning stages and initial development has quietly been going on for about 4 months. We need a comprehensive way to present it as it is complex and huge in scope. At this point I mention it only to let you know your intercession is appreciated. How we covet your prayers as we continue on.
